Core Competencies

- Vessel Operations
- General Administration
- Security Operations
- Performance Appraisal
- Audit & Inspection
- Maintenance Management
- Crew Management
- Navigation Operations
- Port Coordination
- Quality & Safety
- Health & Environment
- Operations Management
- Compliance Management
- Team Building & Leadership
- Policy Implementation
- ISM & ISPS code
- Voyage Planning
- Flag State & Port State Control

Adept, Strategic Driver for Enterprise-Level Operation Management

Notable Accomplishments Across the Career

- *Demonstrated substantial expertise in the management of tanker vessels, specializing in product cargoes, highlighting proficiency in overseeing complex operational processes.*
- *Efficiently navigated and cleared SIRE and Port State Control inspections, safeguarding owners' business interests through effective remediation efforts and strict compliance.*
- *Exhibited proficiency in Ship-to-Ship (STS) transfers, underscoring expertise in ensuring the safety and efficiency of operations during crucial vessel-to-vessel transfers.*
- *Accumulated extensive years of specialized experience in the operational nuances of product tanker vessels, contributing to a profound understanding of the industry.*
- *Successfully executed pivotal tasks encompassing loading, discharging, tank cleaning, pre-docking, and post-docking operations, ensuring precision and adherence to industry standards.*
- *Effectively managed multiple dry-docking operations, demonstrating competence in vessel maintenance and ensuring optimal operational readiness.*

Professional Experience

COMPANY NAME	VESSEL TYPE	RANK	SEA TIME
SCORPIO	PRODUCT TANKER	MASTER	6 MONTHS
SCORPIO	PRODUCT TANKER	CH OFF	36 MONTHS
TORM	PRODUCT TANKER	CH OFF	21 MONTHS
TORM	PRODUCT TANKER	2 ND OFF	20 MONTHS
TORM	PRODUCT TANKER	3 RD OFF	10 MONTHS

Cargo loaded: Gasoil, Gasoline, Mogas, UMS, Naphtha, Jet A1, Fuel Oil, Vgo, Veg Oil.

Key Result Areas:

- Managed responsibilities encompassing cargo handling, stowage planning, and oversight of the ship's financial matters, including crew wages.
- Maintained accountability for all vessel-related certifications and documentation, ensuring compliance with regulatory standards.
- Established effective communication channels with shore authorities to address commercial and operational concerns.
- Oversaw the safe operation of the vessel, ensuring adherence to both company policies and legal guidelines, and monitored the crew's compliance.
- Conducted regular inspections and maintenance of on-board equipment and safety systems.
- Administered daily vessel progress, monitoring key parameters such as speed, fuel consumption.
- Adhered to budgetary constraints, managing the procurement and loading of fuel, supplies, and equipment.
- Played a pivotal role in liaising with charter parties and port authorities to facilitate the smooth operations of the ships.
- Proactively provided valuable suggestions to improve company procedures and enhance safety standards.
- Implemented fuel-saving initiatives, contributing to significant cost savings for the organization.

Education & Certification

- Master (F.G.) from MMD / Govt. Of India in 2016.
- B.Sc. Nautical Technology from University of Mumbai in 2010.
- Pre Sea-Training from Applied Research International (New Delhi) in 2003.
- HSC from University of Mumbai in 2002.
